## BASIC KIT

Embark on your adventure with the basic essentials to Boil Water, Cook Fast and Survive! Start out with our Basic Kit and add more accessories as needed.

## STAINLESS STEEL CAMP PLATES

Dine in style with high quality food grade stainless steel camp plates. Set of 2 plates.

7 3/4" diameter, 1" deep

## WOOF'EM STICKS

Make the most of all your outdoor adventures with a Woof'em Stick! Woof' Ems are delicious little toasted biscuit cups, filled with your favorite food items.

## AQUABRICK™ STORAGE CONTAINERS

The 3 gallon container is ideal for storing water or food. It is extremely durable, made of HDPE BPA-free plastic, and is UV resistant. Multiple units easily stack and interlock together. Perfect for long term food and water storage.

## AQUABRICK™ WATER FILTRATION SYSTEM

This reliable water filtration system will deliver up to 700 gallons of pure, filtered water from any non-saltwater source at the rate of 1/2 gallon per minute. It removes harmful contaminants such as bacteria, virus, giardia, and cryptosporidium along with many heavy metals and chemicals including lead and fluoride. Use with swimming pool water, too.

## XSTREAM™ STRAW WATER FILTER

This ultralight filter weighs only 5 ounces and is perfect for anyone venturing into the outdoors. Extending up to 48 inches in length, you can drink water from the source without laying down. The kit includes a spray pump which allows you to quickly share water with others. The filter removes bacteria, virus, giardia, cryptosporidium and some heavy metals. Provides up to 250 gallons of filtered water.

## JOURNEY™ FILTERED WATER BOTTLE

This attractive water bottle will filter up to 250 gallons, removing bacteria, virus, giardia and cryptosporidium as well as some heavy metals. Easy sipping through the filter makes the water bottle great for everyday use as well as outdoor adventures.
